# About Us

In 1985 Dovi starting off with a small decoration business, it has designs and products for office furniture systems which preferred by many people today. With its unique designs that can touch everyone , it changes business spaces, In short it makes work easier and more enjoyable.

It continues to evolve everyday by following time and new trends , also renewing and improving itself for years in order to increase the service quality in office furniture sector.

Dovi Office Furniture creates countless options for the customers in its modern facilities in Merzifon / AMASYA Organized Industrial Zone on an area of 40.000 m2 using the latest technology. Dovi has a fundamental goals and values for marketing not only in Turkey but also to different countries in the world.

As a brand opening to the world, it continues the pride of success with the endless satisfaction of the customers and dedicated employees because we works with the leading designers of our industry, which creates a difference in your business life by offering different trends with its interesting designs that depends on the developing technology.

While we trying to use the modern technology in the best way, we became one of the few office furniture companies that have established the automation system from order to shipment. We use “E1” “chipboard without carcinogen” In the field of Office Furniture And our products are patented by the Turkish Patent Institute with Industrial design registration, also we have TSE documents.

Dovi, by moving up further the vision and objectives for the rapid rise in the industry all over the world not only in Turkey,we are working hard to become one of the world's leading companies.

We produce hundreds of different designs for our customers in our facilities where the latest technology is used on an area of 40.000m2. In line with our basic goals and values, only in the field of furniture We do not operate in Turkey. We also export to different countries of the world.
